

WHAT THE HIGH SCHOOLS SAY ABOUT BROOKFIELD GRADUATES

"As an International Baccalaureate Program coordinator at Mira Loma High School, I recruit students from all over the Sacramento Region. Brookfield students stand apart from their classmates as highly academically prepared as they excel at Mira Loma's rigorous program. In addition, Brookfield students are thoughtful and outstanding community contributors. When I see an application that comes from a Brookfield student, I immediately feel confident that the student will be an asset to the Mira Loma campus for their academic abilities as well as their positive contributions to our school culture."

**Jeannine Hall, International Baccalaureate Coordinator
Mira Loma High School**

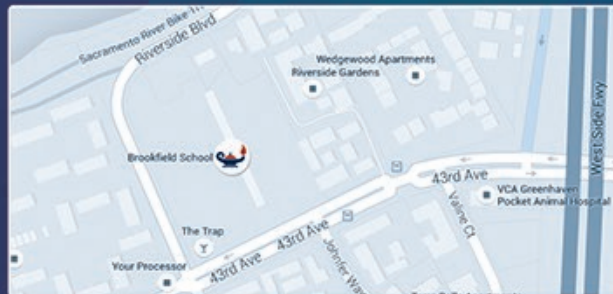

"Students who come to Christian Brothers High School from Brookfield School are well positioned for success. Having benefitted from a rigorous curriculum and a nurturing environment, its graduates typically earn placement in our Accelerated College Prep courses and distinguish themselves, in and outside of the classroom, as leaders and valued members of our school community."

Kristen McCarthy, Director of Admissions and Communications, Christian Brothers High School

"Students that graduate from Brookfield continue to be well prepared and highly successful at Jesuit High School. The Brookfield students have the discipline and study habits to thrive in our college prep environment as well as typically taking honors and advanced placement level courses. We continue to see the Brookfield students at Jesuit getting involved in leadership roles all over campus. They continue to contribute, become leaders and strengthen the brotherhood here at Jesuit High School."

**Mr. Joshua Palone, Director of Admissions,
Jesuit High School**

WHO WE ARE

"Brookfield School is a thriving independent, co-educational, college preparatory school, serving children in preschool through eighth grade. The school is best known for its rigorous accelerated curriculum and emphasis on character development. Brookfield's primary purpose is to prepare our students to become independent thinkers, responsible citizens, and effective leaders.

To achieve this purpose, the curriculum is challenging and balanced, class sizes are small, and students are held to high academic and behavioral standards. This provides a solid foundation for high school, college, and post graduate studies.

INVEST IN YOUR CHILD'S FUTURE

Providing the best academic program in the Sacramento region since 1962.

BROOKFIELD SCHOOL
6115 RIVERSIDE BLVD

ACADEMICS

Exceptionally high acceptance rates to the area's most selective high school programs

Accelerated instructional program for bright, motivated students in preschool through 8th grade

Highly qualified primary faculty and subject area specialists in Foreign Language, Math, English, Social Studies, Science, Technology, and Physical Education. Teachers are selected for their collegiality, professionalism, dedication to scholarship, and passion for teaching accelerated learners

Low teacher-student ratios ensure individualized attention

Middle School electives and K through 8th international studies

COMMUNITY

Safe, small campus where students are taught good manners and respect for others

Active parent association promotes good fellowship among parents without the pressure of fund-raising

Independent, non-denominational, inclusive learning environment

School-wide, class, and individual community service programs

The Brookfield community is proud of our diversity. We emphasize respect and understanding of each other's differences. We welcome students of all religious, ethnic, and social backgrounds.

ACHIEVEMENT

Grade-level averages in the 90th percentile on standardized achievement tests

5th-8th grade middle school program with emphasis on effective writing, speaking, advanced math, and technology skills

Daily homework, traditional and project-based learning, rigorous curriculum, and high teacher expectations help students reach their potential
